

About Impact:

We are facilitators. Impact is a non-profit, non-partisan organization dedicated to understanding today's most pressing social & political issues and promoting viable actions for progress. We offer two events a year as well as our website and research as a means for you to educate yourself on the facts, the histories, the stories and statistics behind these issues. There can be no lasting, just and reasonable resolutions to our many issues without this sort of study and understanding.
